BUILDING INNOVATION

Welcome to Kudos

A unique atmosphere with workspaces featuring the best services and latest technologies to foster wellbeing and collaboration.

How did it come about?

Kudos was devised based on the conviction that everyone who co-exists in its workspaces have experiences that reflect its values, leave their mark and make them feel a part of this great community.

The buildings

It offers more than 23,600 m² divided among 5 grade-A floors featuring high-quality finishes, which makes it one of the most attractive buildings in the area. It's one of the most emblematic complexes due to the tall glass windows which foster the entrance of immense natural light and it's currently under assessment for **BREEAM certification**.

Plus, the location provides tenants with a large variety of services: supermarkets, restaurants, nurseries, schools and a number of public and private transport options.

The Kudos Experience

Kudos makes people fall in love with the idea of going to work.

An open, flexible and interconnected community where people, technology, knowledge and activities foster professional relationships by combining interests, talent and personality.

The objective is to attract and retain talent through excellence, fostering inclusion within the community, increasing awareness for environmental and sustainability issues, guaranteeing people's wellbeing and encouraging people to look after their minds and bodies besides making it easy to achieve a balance in people's work/personal life and boosting the use of technology to keep the community connected.

To this end, Kudos offers a **Community** at all of our workspaces as a unique and differentiating value proposal, the aim of which is to create experiences in exclusive, fun and welcoming atmospheres where people connect to each other and, thus, create synergies.

Living, feeling, sharing, connecting, laughing, creating. That's what unites us and ties us to places and people.
